St. John's Church Is 175 Years Old

Members Preparing to Celebrate Anniversary of Building on June 10.

Members of St. John's Episcopal Church and their guests will assemble in the historic old edifice on Saturday, June 10, for the celebration of the 175th anniversary of its building. A simple program has been arranged for the occasion, the feature of which will be an address delivered by Right Rev. Lewis W. Burton, D. D., Bishop of Lexington, Ky., who was for many years rector of the church.

St. John's Church, standing in a terraced square on Church Hill, is one of the oldest and most historic places of worship on the Western Hemisphere, having been built in 1741 by English cavaliers, who made their way up the James River in search of a permanent abiding place in the new world.

The church's chief claim to fame rests in the fact that Patrick Henry, addressing the Virginia Convention of 1775, gave utterance within its walls to the famous defiance to the mother country: "Give me liberty or give me death," thus stirring up the colonists to that pitch of enthusiasm which quickly resulted in open war and ultimate independence for the American colonies.

In the church are still to be seen the high, straight-backed pews and the old sounding-board that have done service for more than a century. The baptismal font, of white marble, is over 200 years old, and belonged originally to the church at Curle's Neck. In the cemetery, which entirely surrounds the church, are buried some of the most notable dignitaries of their day in Virginia.

The choir of St. John's, under the direction of John Wesley Starnes, organist and choirmaster, has arranged to give a rendition of "The Holy City" by Gounod, on Wednesday night at 8 o'clock. On that occasion the choir will include Miss Yula Starnes, Mrs.

David Sergeant, Mrs. John Wesley Starnes, Miss Alice Kirkwood, Dr. Maurice Koblenzer and Itoy O. Mann.

ENLARGES LOCAL OFFICE

Postal Telegraph Company Makes Richmond Headquarters for Relaying Eastern Virginia Messages.

The Postal Telegraph Company announced yesterday that its Eastern Virginia relay office, exclusive of Norfolk, the work of which was formerly handled through the Washington office, has been removed to Richmond, more than doubling the force employed in this city. The Washington office will be maintained, the change being confined entirely to the handling of all messages relayed from Eastern Virginia, with the exception of Norfolk. It is understood that additional territory in North Carolina will be handled through the Richmond office in the near future, but this will necessitate the installation of more apparatus.

MAY GO TO LAURENS

Rev. Samuel H. Templeman Considers Call to South Carolina Baptist Church.

Rev. Samuel H. Templeman, pastor of the Northside Baptist Church for the past seven years, and a member of the faculty of Richmond College, has been called by the Baptist Church in Laurens, S. C. He probably will accept the call, though he will hardly leave before the fall.

Mr. Templeman was offered the pulpit more than a month ago, and since that time has visited the church. The Laurens Baptist Church is considered one of the best churches in South Carolina.

The Northside Baptist Church, under the pastorate of Mr. Templeman, has grown rapidly. About \$1,000 is being spent in enlarging the building, and this is one reason why Mr. Templeman will not leave before September 1.

C. & O. CHANGES SCHEDULE

Will Restore Fast Train to West. Eastern Express Will Leave Earlier in Morning.

The Chesapeake and Ohio Railway Company has just announced several

important changes in its schedule, effective to-day. The more important is the restoration of a train to the West that was eliminated more than year ago, shortly after the business depression resultant from the European war. This train will be known as the "Cincinnati Special," leaving Richmond at 7 o'clock at night and arriving in Cincinnati the following morning at 11 o'clock, connecting for Chicago, St. Louis and the West. The fast train for Newport News that formerly left this city at 9 o'clock, is advanced to 8:30 o'clock, and the local train for the same city now leaves at 7 o'clock instead of 7:15. The local train for Charlottesville, daily, and Thurmond daily, except on Sunday, will leave Richmond at 7:25 o'clock in the morning instead of 8 o'clock.

STUDENT SAVES BOY

Taylor Jolliff, of Richmond College, Rescues John Metcalf When He Falls in River.

The most popular topic among the students at Richmond College yesterday was how Taylor Jolliff, nineteen years old, a student at the institution, a son of Rev. J. K. Jolliff, pastor of the Laurel Street Methodist Church, had saved John Metcalf, a small boy, living on South Laurel Street, from drowning in the James River, near the Pump-house, on Thursday afternoon.

Jolliff and a party of friends from the college were strolling along the banks of the James River, studying the rock formations just above the old Pump-house. A short distance from them a number of children were placing rocks in the river, when John Metcalf lost his footing and fell into the waters. Throwing off his coat, Jolliff dove into the river and succeeded in saving the boy, who, after first-aid treatment, was able to go home without assistance.

Southern's Earnings Increase.

The estimated earnings of the Southern Railway Company for the third week of May were \$1,339,231, as compared with \$1,086,726 for the same week of last year, showing an increase of \$252,505, according to figures made public yesterday by Comptroller A. H. Plant.

Real Comfort for Seven

Canvass the world and you will not find as big a car as the Overland Six at anywhere near so low a price, \$1145.

You who prefer seven passenger capacity, must pay a heavy excess in price to get so much real seven passenger comfort in any other car.

And to back up its big roomy seven passenger carrying capacity there is the powerful six cylinder Overland motor.

Take your full quota of seven big passengers and see how smoothly and easily, without a sign of effort, your powerful motor speeds away with even an overload.

Slow down to a crawl—don't touch the gear shift—keep it in high—but just touch your accelerator.

Without a tremor, smoothly, easily, swiftly, you acquire any desired speed.

That's genuine six cylinder pick-up—a big outstanding Overland Six fact.

And it's that big fact about this big car that makes its price, \$1145, so small in comparison.

Overland four cylinder models will "pick up" with many another six.

Our only purpose in building a six at all is to supply with genuine Overland finality and economy that extremist demand for the luxury of bigness and lightning fast pickup.

Overland production—double that of any other builder of cars of like class—makes possible the unapproached value which you get in so big and exceptional a car at so low a price—\$1145.

Have the Overland dealer overload the six and demonstrate its comfort and lightning fast pickup.

You cannot equal it for anywhere near the price.
